Recline Angle From 90 To 150

Make Your Own Comfortableness And Be Relaxed.

Recline Angle

Soothes The Pressure From The Back To The Legs

Easy getting up without any burden.

Powered Lifting

Tilt Adjustment

To make the body be at fully relaxed status, and to improve the breathing circulation.

Zero Gravity

Lift Chair

Live Life To The Full

Sofa Style

Get up without pressure. It's easy and no burden!

Seat Cushion Foam

Slow Rebound Foam & High Resilience Foam
Fully thickened molded foam, and won't get deformed easily.

Armchair style

Bionic Mechanism

Strong And Stable Lightweight Structure Design

The bionic mechanism is powered by four linearactuators which can provide the stableness and operate more efficiently. Multi-part adjustable, such as reclining up, down, chair tilting, footrest up, and seat height adjustment can also bring you the joy of comfortableness.

Seat Height

Unique Seat Height Adjustment

Adjust the seat height to suit your need

Seat Height: Adjustable 42-60 cm

Footrest Angle

Footrest Angle Adjustment

Adjust the Footrest Angle to suit your need

Seat Cushion

Easy Getting Up, Space Saving, Stable, and Durable

The most space-saving mechanism design. When you get up, it will first rise up and then advance forward. This way will greatly reduce the pressure and burden on the knees and legs when the user gets up.

Product Specification

Armchair Style Lift Chair

Product Size: 85x78x116 cm(L/W/H)

Specification At Full Reclined:

158x78x83 cm(L/W/H)

Width Of The Seat: 50 cm

Depth Of The Seat: 48 cm

Height Of The Armrest: 63 cm

Max Angle: 150°

Seat High: Adjustable 42~60 cm

Product Weight: 50 kg

Max Load: 120 kg

Power Supply: AC 100 ~ 240 V, 50/60 Hz

Max Power Consumption: 73 W

Sofa Style Lift Chair

Product Size: 95x80x107 cm(L/W/H)

Specification At Full Reclined:

142x80x78 cm(L/W/H)

Width Of The Seat: 50 cm

Depth Of The Seat: 48 cm

Height Of The Armrest: 57 cm

Max Angle: 150°

Seat High: Adjustable 47~65 cm

Product Weight: 54 kg

Max Load: 120 kg

Power Supply: AC 100 ~ 240 V, 50/60 Hz

Max Power Consumption: 73 W

Seat Cushion

Product Size: 49x36x12 cm(L/W/H)

Specification At Full Reclined:

49x36x32 cm(L/W/H)

Elevated Distance: 8 cm

Product Weight: 12.2 kg

Max Load: 100 kg

Power Supply: AC 100 ~ 240 V, 50/60 Hz

Max Power Consumption: 58 W
